✓ 1117

✓ 1118

✓ 1119

X

✓ 1120

Fern. on rocks
base of rock

✓ 1121

Shrub 3 ft. high, water
Exuberant in growth

✓ 1122

Chara in water

✓ 1123

Water-plant, red, reddish
innumerable small water-

✓ 1124

Asplenium, cracks of
limestone rocks.

✓ 1125

Arctea
among stones

✓ 1126

Comp. herb, 1 ft. aromatic
fls. white rocks, dryish,

✓ 1127

Solanum 18 in
on dry rocks.

✓ 1128

Fern. base of rocks

✓ 11200 *Andropogon scoparius* 3-5 ft.
 ✓ 11201 *Andropogon scoparius* 3-5 ft.
 ✓ 11202 *Andropogon scoparius* 3-5 ft.
 ✓ 11203 *Andropogon scoparius* 3-5 ft.

 ✓ 11205 *Andropogon scoparius* 3-5 ft.

✓ 11206 *Andropogon scoparius* 3-5 ft.

✓ 11207 *Andropogon scoparius* 3-5 ft.

✓ 11208 *Andropogon scoparius* 3-5 ft.

292 28 & 29

✓ 11209 *Andropogon scoparius* 3-5 ft.

✓ 11210 *Andropogon scoparius* 3-5 ft.

✓ 11211 *Andropogon scoparius* 3-5 ft.

✓ 11212 *Andropogon scoparius* 3-5 ft.

✓ 11213 *Andropogon scoparius* 3-5 ft.

✓ 11214 *Andropogon scoparius* 3-5 ft.

✓ 11215 *Andropogon scoparius* 3-5 ft.

✓ 11216 *Andropogon scoparius* 3-5 ft.

✓ 11217 *Andropogon scoparius* 3-5 ft.

✓ 11218 *Andropogon scoparius* 3-5 ft.

✓ 11219 *Andropogon scoparius* 3-5 ft.

✓ 11220 *Andropogon scoparius* 3-5 ft.

✓ 11221 *Andropogon scoparius* 3-5 ft.

✓ 11222 *Andropogon scoparius* 3-5 ft.

✓ 11223 *Andropogon scoparius* 3-5 ft.

✓ 11224 *Andropogon scoparius* 3-5 ft.

✓ 11225 *Andropogon scoparius* 3-5 ft.

11221 *Phytolacca* 2 ft. dry hillside

11222 *Palaeobotrya* 7 in. dry hillside

11223 *Malvastrum* 13 in. ^{much} among dry stones

11224 *Malvastrum* 13 in. ^{much} among dry stones

11225 *Malvastrum* 13 in. very dark pink dry hillside

11226 *Malvastrum* 13 in. do

11227 *Malvastrum* 13 in. dry wet hillside

11228 *Malvastrum* 13 in. dry hillside

11229 *Malvastrum* 2 ft. fls. white among stones

11230 *Malvastrum* 2 ft. fls. 1 in. across white dry hillside

11231 *Malvastrum* 2-3 ft. fls. white dry roadside

11232 *Malvastrum* 2-3 ft. fls. white dry roadside

11233 *Malvastrum* 2-3 ft. fls. white dry roadside

11234 *Malvastrum* 2 ft. fls. white dry roadside

11235 *Malvastrum* 2 ft. fls. white dry roadside

11236 *Malvastrum* 2 ft. fls. white dry roadside

11237 *Malvastrum* 2 ft. fls. white dry roadside

11238 *Malvastrum* 2 ft. fls. white dry roadside

11239 *Malvastrum* 2 ft. fls. white dry roadside

11240 *Malvastrum* 2 ft. fls. white dry roadside

11241 *Malvastrum* 2 ft. fls. white dry roadside

11242 *Malvastrum* 2 ft. fls. white dry roadside

11243 *Malvastrum* 2 ft. fls. white dry roadside

11244 *Malvastrum* 2 ft. fls. white dry roadside

11245 *Malvastrum* 2 ft. fls. white dry roadside

11246 *Malvastrum* 2 ft. fls. white dry roadside

- 11245 *Pennisetum* 2 ft
fls white - 5 in
- 11246 *Commersonia* 1 ft
same in 1 ft
- 11247 *Cyperaceae* 2 ft
in bunch
- 11248 *Sab.* creeping in grass
heads white
- 11249 *Eragrostis* 3 ft
moist land
- 11250 *Melastoma* 2 ft
herbaceous, fls white
- 11251 *Stem* 3 ft thick
no infl.
- 11252 *Cyperaceae* 1 ft
dryish grassy land
- 11253 *Sagumora* 1 ft
fls yellow
- 11254 *Sow* grass in tufts 6-10 in
dry, fringed with green
- 11255 *Pinn* tree 60 ft x 18 in.
3 trunks
- Dec 30. *Guiana*
- 11256 *Parkinsonia aculeata*
common about Guiana

11265[✓] Fungus-like, brown
sand above, green below

11269[✓] Lip shaped Fungus-like, diam
whitish, very light green below

11270[✓] Fungus shaped, Fungus
near brown

11271[✓] Good black, sand above
near brown

11272[✓] Small "Polyponus" on
on log, near brown

11273[✓] Grayish "Polyponus"
on log, near brown

11274[✓] Brown "Polyponus."
on log, near brown

11275[✓] Thin grayish "Polyponus"
on log near brown

11276[✓] Whitish "Polyponus"
on log near brown

11277[✓] Round Red "Polyponus"
on log near brown

11278[✓] Large Polyponus
on log Sierra Nevada

11279[✓] Brown "Polyponus"
on log S. of San Martin

Sierra Nevada on Cuttings
near ground above

11280[✓] Fungus-like, sandy soil
light green below

11281[✓] Opened on Sierra Nevada
Sierra Nevada below

11282[✓] Fungus-like, thin and
strongest part, top of Sierra Nevada
in crevices of dry limestone below

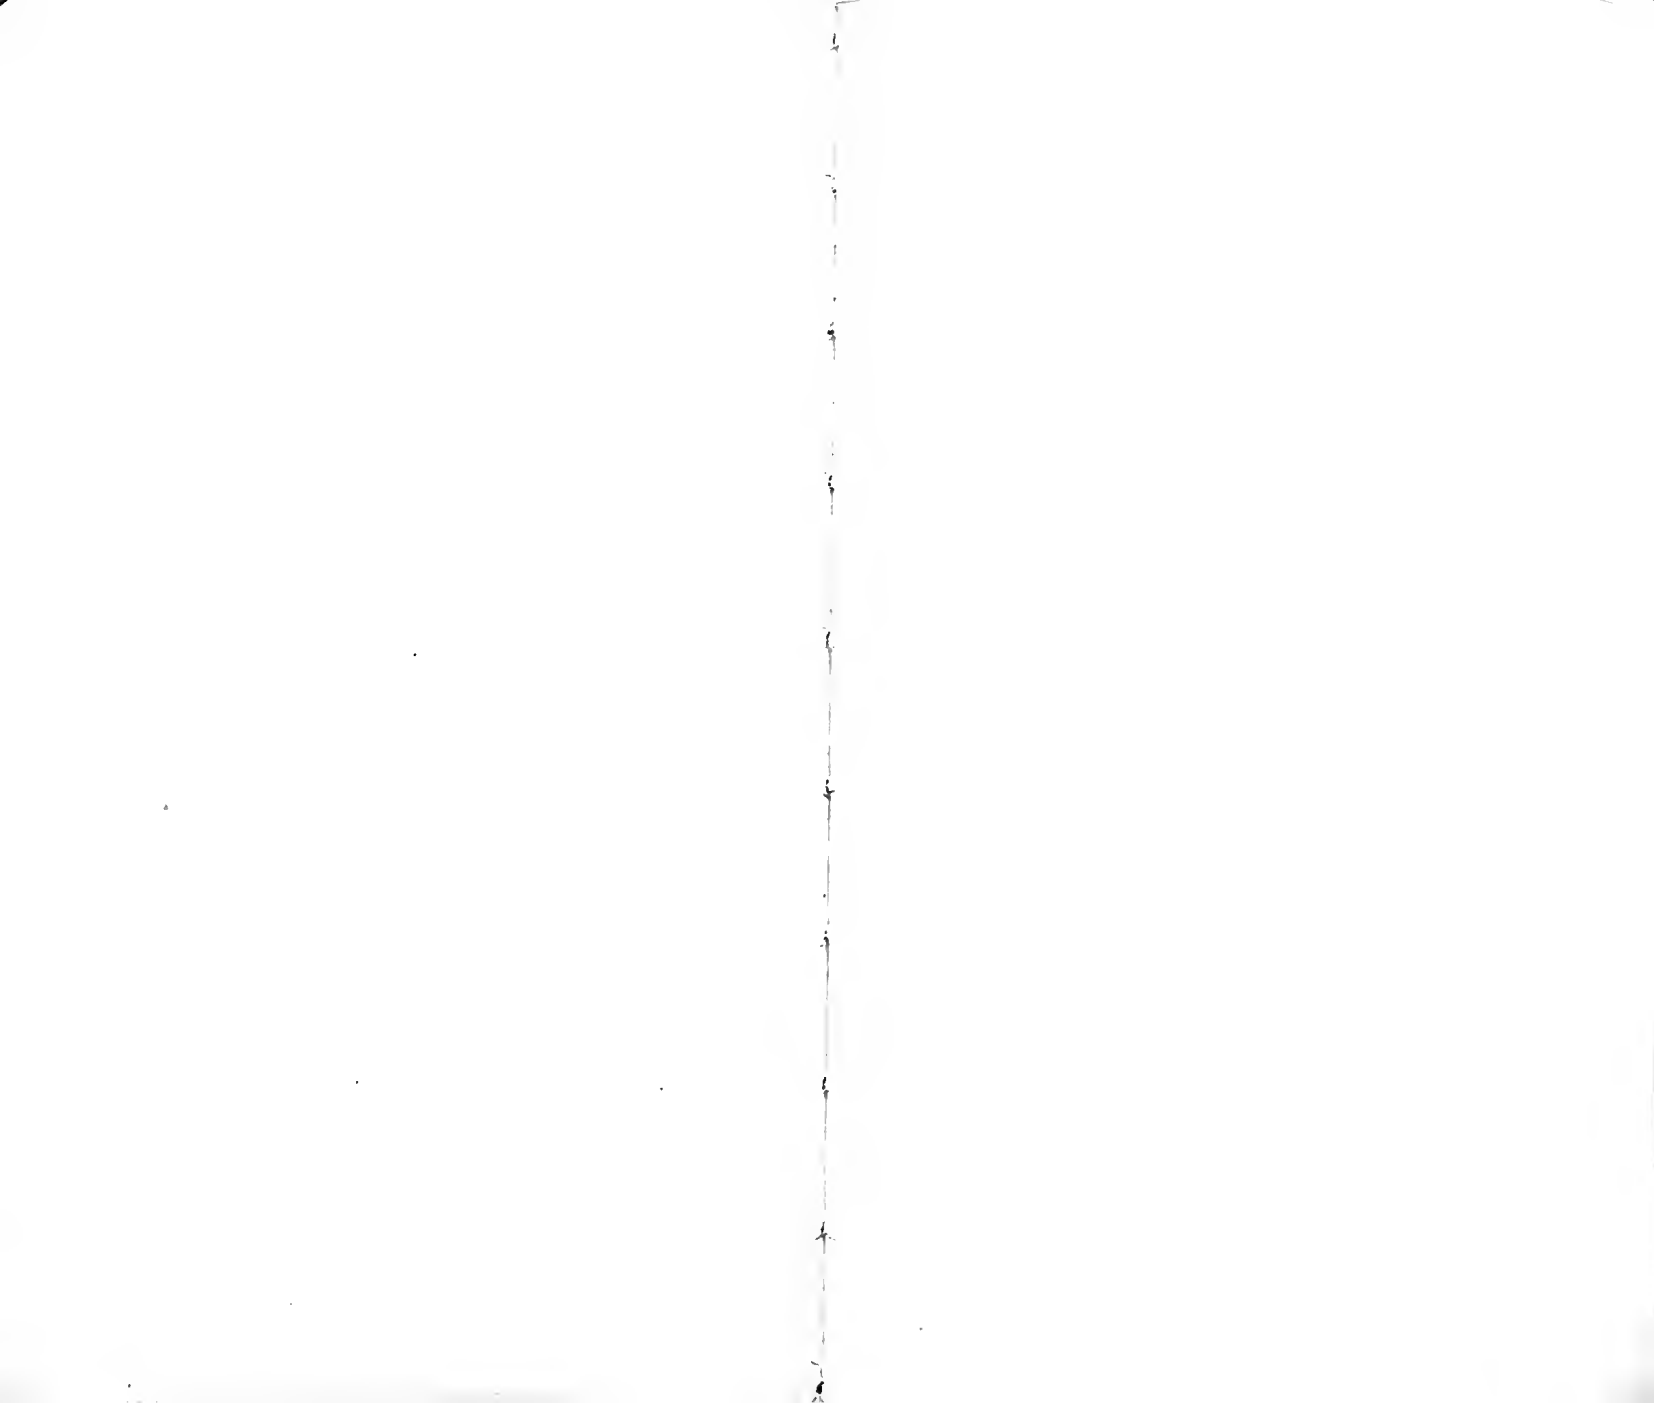

11283[✓] Epidendrum on tree trunk
with above

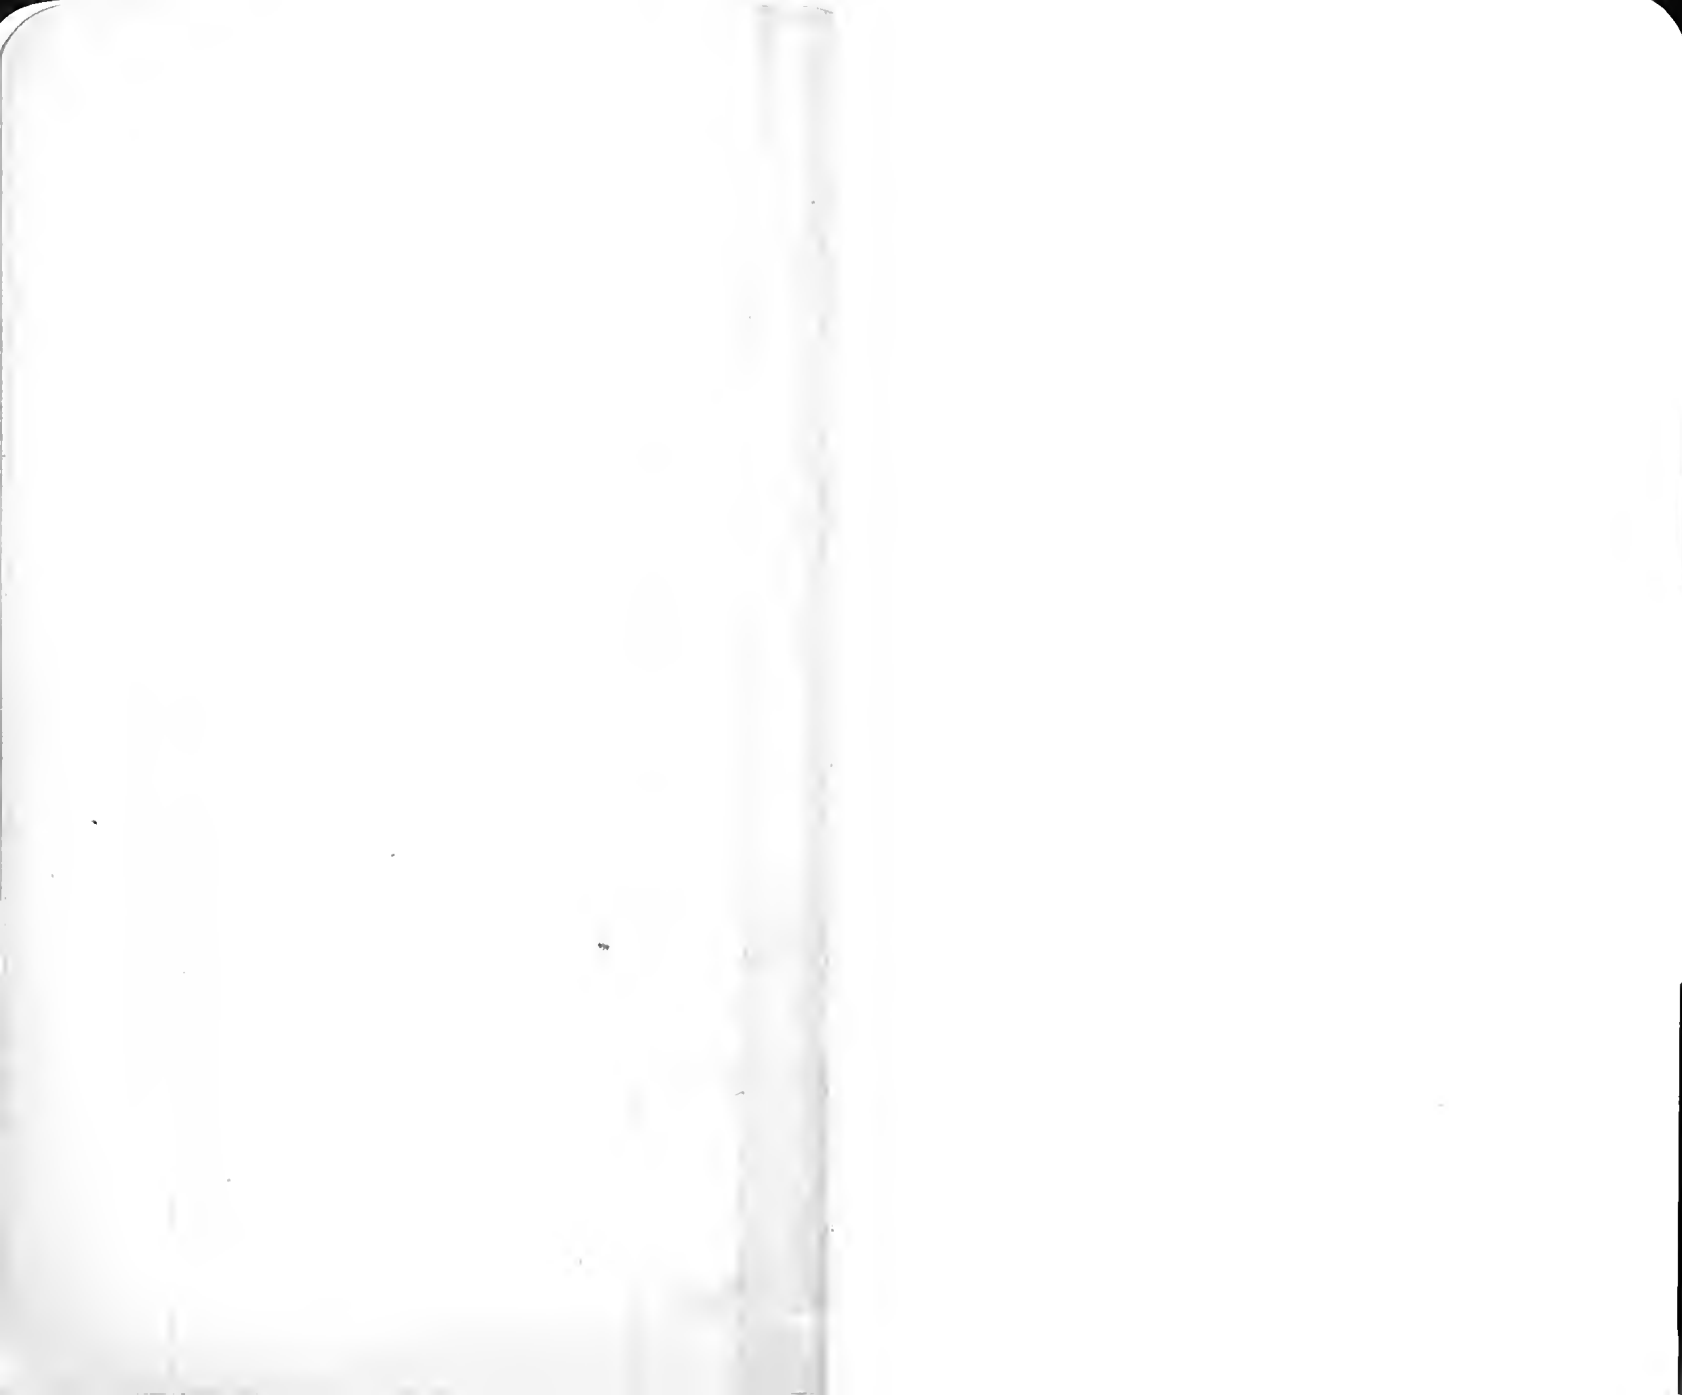

11284[✓] Sclerocarpus on rock
near Sierra Nevada

11285[✓] Sclerocarpus on rock
near Sierra Nevada

11286[✓] Sclerocarpus? Sand stone
rock top of hill, Mount. Nevada

11287[✓] Peperomia cuttings
on rock, top of Sierra Nevada
